Visitor's top tips

|| Don't miss the Christmas tree displays around the village in December.

Pack your walking boots and plan a route that ends in Castleton, at one of the numerous (dog friendly) good pubs!

Listen out for owls at night and look to the sky for some amazing star scapes!

Castleton is the only known source of the mineral Blue John – visit the Blue John Mines and jewellers in town.

Well dressings are fantastic community events unique to the Peak District where wells are decorated with flower petals from May to August.

There are lots of opportunities for mountain biking in the area.

The bakery does excellent pies, bread and cakes baked fresh every day and they open into the early evening.

Walk beyond the youth hostel next door to the site and follow the footpath up onto the hills. A wonderful walk that takes you round to Mam Tor and back into Castleton

The walk from Castleton to Hope is very pleasant and not too strenuous. We also walked round Ladybower Reservoir (6 miles) but you could also cycle it. ||
